# Unimaginable Flavors

Each Flavor  
Tells a special story

**ALRAYAN SUPERIOR** From the first moment, the responsibilities of Upgrading & Renovation in the field of Tobacco Industry were always in the fore front of our targets.

Our journey starts with choosing the finest French Tobacco leaves, then carefully mixing them with the purest ingredients to finally put the perfect design .

Realizing that developing the Industry of Shisha Tobacco becomes important in the time when this habit is more and more international, makes us work harder to raise ALRAYAN to the global ranking.

Hence, the need for a new concept of Tobacco for Hookah flashed out in our minds and we proudly created ALRAYAN SUPERIOR, implementing the soft touch remarkable luxurious concept. Superior Idea After many complicated and concentrated experiments, we could provide something distinguished. Unimaginable Flavors, each one tells you a different story, each one takes you to a different adventure full of overwhelming emotions & feelings.
